PgCert National Award for Special Educational Needs Coordination

— apply now for 2017/18

Manchester Metropolitan University is a nationally recognised and registered quality approved provider of NASENCo training. This 60-credit Postgraduate Certificate builds upon six years of development and successful delivery.

The qualification is proving key to effective SEND provision leadership and development in early years, schools and colleges. There is a choice of daytime delivery models on campus and in ten local authorities across the North West with the additional option of evening delivery on campus in Manchester.
